Tilcon joins road safety program

DOVER — Paving and construction materials supplier Tilcon Delaware recently joined the Delaware Office of Highway Safety's Corporate Outreach program.

The program is designed to help businesses educate their employees to reduce traffic crashes and injuries and their related costs. Tilcon's employees travel an average of more than 1 million miles per year on Delaware highways. Through this program, Tilcon is providing tools and information their employees need to make the roadways safer for themselves, as well as other drivers.

The Delaware Office of Highway Safety's Corporate Outreach program is targeted to partnering with the corporate community to help save lives on Delaware's roadways through education and awareness.

For more information about Tilcon Delaware products and services, call 735-9950 or visit www.oldcastlemidatlantic.com.
